### **League Guidelines;**

1. By signing this contract, the league and/or league representative agrees to guarantee payment for all players each week for the eighteen weeks. In return, Bluff Creek will guarantee to make available one tee time for every four players. Play begins the week of April 19th . Extra weeks of league play before or after leagues start or end, can be arranged by communicating with Bluff Creek's league coordinator, Debra.
2. Being that payment is upfront, if a player is a no show for the week, and the league representative did not cancel due to inclement weather, no rain checks will be given for the missed tee time. Substitutes of course are allowed to fill up the tee time that was reserved in the contract in the case of an absent player. The league will not have to pay for any players possessing a Bluff Creek season pass membership. *Bluff Creek Punch Cards for greens fees will not be honored for payment for weekly league rounds.* Payments will only be received from the league representative or its designee.
3. \*All players are expected to comply with all course rules and policies. A violation can result in ejection of the offending player(s) from the course without a refund. Sorry, the max number per group is 4 participants. We may not always call groups to the tee; it will be the league representative's responsibility to ensure league players are starting play at the designated start time and starting hole. Bluff Creek has established a Pace of Play for nine holes as 2 hours 5 minutes. We ask that all league teams play ready golf to help pace of play. Continued violations of the pace of play will result in loss of playing privileges without refund. As a reminder, carts are sold at a per seat rate. If two players are riding together, both must pay for the cart individually. Please ensure that all players riding have paid the appropriate fee before riding on a cart.
4. In case of inclement weather where safety is concerned, play can either be suspended or canceled at the discretion of the League Representative either prior to the start of play or during the round. We have secured 2 weeks on the calendar for rainouts at the end of the season. If circumstances do occur that are out of our control, we reserve the right to extend extra weeks to complete the 18 week league season. Bluff Creek Golf Course is a "play at your own risk" facility. Staff may not at any time offer advice regarding weather conditions. If the League Representative declares "no play", all league players under the League Representative must cancel play immediately and return to the clubhouse. If play is suspended, rain checks will be issued for unplayed holes. Each league representative has 2 "no play" decisions to use to cancel for the evening in advance. The use of the "no play" option does not depend on what other league teams do or not do. At the time of a "no play" decision, the league will be granted an extension of play following the last scheduled date of play. The League Representative must notify Bluff Creek Golf Course, via phone or in person, when a decision is made to, "play" or "no play". Without a verbal decision by the league representative, Bluff Creek assumes that the league was a "no show" and this day will count as one of the 18 weeks.

### **Food and Beverage Policies:**
